WE MUST UNITE

Black brothers and sisters as Babylon, let us not forget, that before there can be a revolution to bring about total emancipation for our people and other oppressed people here in America, first we must have unification of our people in this land of bondage. For over four hundred years our people have been divided; however, today is a new day and the future is bright. We no longer have to be in darkness, the bright future I speak of is Socialism, which can be achieved with the unification of our people. Black people let me point out to you that it is your duty to struggle for the togetherness of our people, The hour is nearing where revolution is inevitable, therefore the cry still at all must continue to go out-calling our people to arm themselves for the sake of survival and humanity. The Black Panther Party is calling upon the brothers in the North and the brothers in the South aswell as in the East and West to unite and prepare for a long battle. We, who understand what the struggle is all about must never forget that it is our revolutionary duty to go forth to our brothers and sisters and educate them as in our political beliefs and objectives.

Black sisters, we cannot allow ourselves to give the oppressor one single tick of slack, one way of tightening the noose around the slave-master's neck, so through our journalists and the use of the power, the people must come together, it is our duty to understand, that you play a key role in our just struggle for total freedom. It is your duty to arm the oppressor to pieces with your pens. I say to our Black brothers and sisters, it is the responsibility of the revolutionary - writing journalist, who write only for the sake of a new, our plunging our purpose must reconstrue the facetted power deeper in confusion, undermining structure, we have to stop their consciousness, causing apathy among the oppressor's values, and creating dissonance. We cannot go on in other words. Mager, come out longer allow this to continue. The time that the cadillac stop running desperate hour has arrived where around talking that madness about oppression the Black journalists must assert the I can't join you with, because I ourselves and decide who with an individualism, doing my own serve. FREE BREAKFAST IN BALTIMORE

The Baltimore Chapter of the Black Panther Party initiated its Breakfast Program at St. Martin DePorres Recreation Hall, at Valley and Eager Streets.

At the present time the Black Panthers are feeding 300 to 500 children on a daily basis. Due to the bad transit system, here in Baltimore it is necessary for the Black Panther Party to bus 90% of the children to the Breakfast Program. It is evident that the community is in favor of this program by the amount of children that are being fed.

We will continue this program throughout the summer into the coming school year. However, we will feed twice as many this summer; instead of a Breakfast Program, we will have a lunch program during the summer. It is the goal of the Black Panther Party to feed all of the hungry children in Maryland. A second recreation hall was donated to the people by a revolutionary attorney, Mrs. Lota Lee, also a legislator in the state of Maryland. This hall will be used to feed children, conduct classes in Business Administration, Law and hold rallies for our young people. Also in the same block the Black Panther Party will manage a revolutionary movie. At our first showing, we will have "Off The Pigs!" and "Huey".

Throughout the Black communities of racist America, the people suffer many pains and miseries. Unlike the communities of the oppressor, our communities are filled with people who suffer from a lack of decent housing, clothing, food and medical attention, as well as many other basic needs. Decent clothing, as only part of what the oppressor denies Black and oppressed people, is one of the needs that we must insure for our people, if we are to survive in this racist empire.

Without proper clothing to protect our bodies, from the forces of nature, we cannot survive. Therefore, one of the survival programs that the Baltimore Chapter of the Black Panther Party has implemented to aid oppressed people in the everyday struggle to survive is a People's Free Clothing Program.

THE BALTIMORE PEOPLE'S FREE CLOTHING PROGRAM OPENS

After obtaining a former cleaners on the West Side, we transformed it into the People's Free Clothing and Free Shoe Program. This program provides clothing and shoes for the people, and there is a pressing machine to press the people's clothes and a sewing machine, with which we can tailor the people's clothes. All of these services are all free.

The People's Free Clothing Program is located at 1829 Edmondson Avenue, Baltimore, Maryland.
