JAMAICA BRANCH DESTROYED BY MYSTERIOUS FIRE

Early Friday morning, between 2:00 and 2:15 A.M., the rented office of the Jamaica Black Panther Party on New York Avenue was set on fire by unknown assailants. A brother named JOHN FRANKLIN who lives a few blocks away said that he had been walking down the street at about 2:00 A.M. and saw smoke coming from the building. By the time he got there at about 2:15 A.M., the fire was well under control and the fire department had already left. There were only two cars left in front of the office. When we drove up and got out of the car, 2 of the 3 cars were already gone and blocked the driveway of the office, so that we could not get in the building. The rest of the pigs were just hanging around, talking to each other about what they should do. Meanwhile, the pigs just hung around and looked at the building, with no real interest in the community. They were just like the pigs that we have seen here before. There were people from the community on the street, and they were just looking at the building.

The driver of the truck that had burned the office was driving away when we arrived. He said that he had been driving around and had seen smoke coming from the building. He said that he had no interest in the community and that he thought the building was going to burn down. He said that he was just passing by when he saw the smoke. He said that he had no interest in the community and that he thought the building was going to burn down. He said that he was just passing by when he saw the smoke.

We asked him why he had done it, and he replied by saying that he had done it because he was tired of the community and that he thought the building was going to burn down. He said that he had no interest in the community and that he thought the building was going to burn down. He said that he was just passing by when he saw the smoke. He said that he had no interest in the community and that he thought the building was going to burn down. He said that he was just passing by when he saw the smoke.
