THE PEOPLE OF NORTH CAROLINA ARE READY TO DEAL WITH SLUMLORDS.

PEOPLE OF THE COMMUNITY VS THE SLUMLORDS AND FASCIST PIGS OF WINSTON-SALEM

"We want decent housing, fit for the shelter of human beings." In any city, country or nation, this is one of the most important necessities that one needs to live. But it seems as if the Slumlords and Fascist Pigs of Winston-Salem don't know this or that they just don't care about anyone else.

On March 4, 1970, Miss Polly Graham came into the Headquarters of the Winston-Salem Office of the National Committee to Combat Fascism and stated that she had been evicted from her home after the door had been kicked down by fascist pigs and a silly avaricious Slumlord. Miss Graham asked the N.C.C.F. for any type of help or assistance we could give her. After arriving in the community we found out not only

had Miss Graham been evicted but the fools (PIGS) had promised to come back and evict other families of the community. The houses in the Locust Street area are not fit for the Shelter of Human Beings; some of the hedges do not have bathtubs, some don't have hot water, windows are broken and some have holes in the walls big enough for pigs to crawl through. The Slumlords have not made any effort to correct any of these deficiencies. If anyone should be paying anything, the people who live in these rat infested houses should be paid for living under such conditions. The people of this community got together with a Brother and Sister of the Winston-Salem National Committee to Combat Fascism and decided that Miss

Graham nor anyone else was going to be evicted. Miss Graham's belongings were moved back into the house. The Brother and Sister and people of the community armed and prepared themselves to deal with the pigs and landlords when they returned. When word reached the low life pigs that we were ready to deal with them in the language they spoke, (through the barrel of a gun) they wouldn't show their faces in the community. The running dogs hid. Afterwards, it was reported that an anonymous donor had paid the rent, and another report said some type of government agency had paid the rent. But regardless of how the rent was paid, the people had taken their stand and they vowed to resist any more evictions and the

re-eviction of Miss Graham. Most of the people also objected to the paying of the rent because they felt like the house was not worth the money that was paid.

Since this incident, the city officials or "City Slickers" have gotten upset over the eviction, as if this was the first time it has happened. Of course everyone knows this is not the first time this type of oppression has taken place, just last week an elderly lady, Mrs. Minnie Bellamy and her grandchildren were evicted in 'ice cold' weather, and nothing was done about it. Those fools downtown couldn't help know about it because it was publicized for two days all over the city. The real reason why these fools are upset

is because the people of this community have taken a stand against this madness and refuse to let it happen again. So to you "deeply concerned" city officials, Mayor "Mad" Benton, Chief of Pigs "Unjustice" Tucker, your upset days have just begun, because we poor oppressed people of Winston-Salem are going to be dealing with you from here on out. We have the constitutional right to bear arms, and if that's what it takes to deal with you, so let it be.

ATTACK ON BLACK COMMUNITY INFORMATION CENTER, HIGH POINT, N.C.

Pigs milling around after vamp of Black Community Information Center

On February 10, 1971, on or about 6:00 a.m., the Police Department of High Point, North Carolina, attacked the Black Community Information Center located at 612 Hulda Street. The attack and invasion led by the police within the Black community is comparable to the fashion utilized by the armed forces of the United States Government in the invasion of communities throughout the world. (Southeast Asia, Africa etc.)

They came at a time when the majority of the people in the community were asleep; therefore, observation by the community could not be made. The

reason that the attack was made in this manner, simply stated, was that the power structure of High Point does not want anyone to assist in the elimination of the wretched conditions of their environment. The brothers and sisters who worked out of the Community Center had instituted a Free Breakfast Program that served 30 children each morning at the beginning of the program. Since the launching of the project, the number of children has increased to fifty (50) per day. On Saturday, February 13, 1971, a Free Clothing Program was to be sponsored by the brothers and sisters as a result of a clothing

collection drive by them.

This attack by no means will halt our efforts to serve the people of High Point. In fact, this barbarian attack by the Police Department only serves to strengthen us and make us more determined to serve the people. Our Free Breakfast Program will be implemented again in the next few days and we will continue our programs to survive until the people put an end to this madness.

WINSTON-SALEM--ON CHICAGO STREET--

ALL THE PIGS DO IS COME BY AND COLLECT RENT

On Chicago Street in Winston-Salem, a section of Babylon on the East Side of town, are nothing but rat-infested shacks, where Black people have stayed over 10 years. No. 4 of our 10-Point Platform and Program says, "We want decent housing, fit for shelter of human beings."

When we went into the community to talk to people about these housing problems, one lady by the name of Helen said "these houses have never been repaired" since she has been living there. She also said "all they would do was to come by here to collect the rent. When we told the landlords or slumlords our houses needed repairs they would say O.K. and the next week they would be back for more rent, but still no repairs were performed." Most of these houses do not have hot water, or a bathtub. But when the end of the month or week comes the racist slumlord, the low-down racist dog is always there with their hands out for more rent.

These houses are mostly rented by these two racist punks called "Newton Bros." and "L.F. Reeds and Son". These are the two biggest slumlords in Winston-Salem. We are now letting these two pigs know how the people in the community feel about them. The people in the community know that you are slumlords. But they didn't know how to deal with you until they were educated by the N.C.C.F.

The houses need to be taken from the hands of these two pigs

they have stayed there long enough to have payed for these houses. These houses rent for \$8.00 to \$15.00 a week and we know that they are not good enough for that much money. Even the racist, dog-gish, pig knows this.

Everytime Reynolds gets a raise, the people's rent goes up. The food also goes up. These pigs are all joined hand and hand together all over the world to keep the people oppressed in the Black community. The same slumlord who owns

Black people throughout the world receive the worst of everything. The people are tired of being oppressed, and being forced to live like animals. They understand what the Platform and Program of the Party is all about, and they know that they are being denied what is rightfully theirs. So to all of the fascist, racist, oppressive forces (pigs) of the power structure, the people want you to know that they have put a time-limit on you. And it won't be long before that time

The people are tired of being oppressed, and being forced to live like animals.

ANGELA DAVIS DAY-CARE CENTER RAIDED

On Tuesday, January 4, 1972, the High Point, North Carolina Police Department unjustifiably invaded and searched the Angela Davis Free Day Care Center, a community Day Care Center instituted by the Black Panther Party. Children from the community stay at the center during the day when their parents are working or are unable to be at home to care for them during the day.

Haven Henderson, a member of the North Carolina Chapter of the Black Panther Party, whose assigned task is to work at the Day Care Center, was standing at the door when police drove up in front of the Center that day. Several pigs jumped out of their cars and quickly ran onto the porch. They began asking questions. They pretended to be looking for a brother from the Black community, and threatened to "tear down" the office if they weren't allowed in. At that time the police were asked if they had a search warrant. When one policeman gave the warrant to Comrade Haven, another snatched it back and

said, "We got the warrant, but let's just go on in."

They pushed the door open, almost knocking over a sister who also works at the Day Care Center. Approximately seven police officers went charging into the Day Care Center while others ran around to the back of the Center, threatening and endangering the lives of the children. The fascists had their hands on their guns, ready to fire. One policeman actually had his gun drawn, at Comrade Haven's back.

While "searching" for the brother, the pigs took the opportunity to ransack kitchen cabinets and bedroom drawers that were obviously too small to contain a person. The police were further disappointed. They were unable to do whatever they had really planned. The people in the Black community had come outside, gathering in front of the Center. Even when the pigs first drove up, the people in the neighborhood had come outside of their homes to watch. Their presence

and angry protests let the High Point fascists know that they were not just attacking the Day Care Center, but a united Black community. This latest attack came as no surprise. Since the opening of the Black Panther Party's community information center in High Point, the local power structure has constantly led and launched attacks against the local offices of the Black Panther Party.
