Editorial

The pigs in heightening the repressive actions against the people have used an unfortunate incident in Hunter's Point as an excuse to run amuch in the Black community. Years ago the last place pigs went to investigate was Black people killing Black people...It was very minor, as are the killings of oppressed people considered, by the troops of the ruling class. Now due to the raised level of resistance that the people have reached, the pigs look for, actively search for, reasons to come into the community with guns draum.

The pigs van through the community of Hunter's Point on February 23rd with rifles and drawn weapons, not being concerned with the lives and safety of the children playing in the community or respecting the people. This is not an isolated incident

and cannot be passed off as such since there is a history of similar incidents in this same community.

On the 23rd of February, the pigs went into the Hunter's Point area to arrest Butch Mabrey, one man, but they came as if preparing for a major confrontation. The pigs disrespected the whole community ... Only in the Black community are overkill tactics used. Only when dealing with oppressed people are the pigs' tails shaking in glae and their eyes lit up with the anticipation of killing another one of the "misfits of this society". Only oppressed people are accorded the fist of repression' in place of the 'hand of protection'. There are too many examples -- perfect examples -- that have occurred all over this country to be able to mention in any one

THE BLACK PANTHER PARTY SUMMER '70 LIBERATION SCHOOL

A supristingly large number of families within the San Francisco Black communities of Western Addition Fillmore, Devil Rock Potrero Hills, Hunter Point, Ingleatde Lakeview, and Geneva/ Sunnydale have responded with enthusiasm to the Black Panther. Party's Summer '70 Liberation school that began Wednesday, July i. The overwhelming parent response can be most readily measured by the targe number of youngsters, ages 2 to 14 years, in attendance daily along with the general community involvement through Liberation School teachers and helpers, a variety of donations, and support for all phrases of the program,

writing skills are being taught, The extensive curriculum also includes a number of interesting tield trips the viewing of revojutionary films and movies, and creative art and craft showings for the children.

Young children are picked up every day, Mondays through Saturdays, at their homes throughout the city of San Francisco for dally attendance at the Black Panther Party Summer '70 Liberation School, then taken to enjoy a not and nourtaking breakfast from 9:00 am till 10:00 a,m, at the Black Panther Party Community Information Center nearest them. From the various Centers the youngsters are provided with transportation

It's up to the Black community to liberate our youngsters from racist misteachings.

The San Prancisco branch of the Black Panther Party had inplemented Free Breakfast For School Children throughout the past school - year at Sacred Heart Church on Fell and Fillmore Streets, in the Hunter's Point area (now located at 135 Kisha Road), and in the Black Community Information Center at 2777 Pine Street, Another Black Punther Free Breakfast For School Children was started recently to the Plance Street housing projects by the people of the community who related to the social practices of the Black Panther Party's program, and it will continue. The address is 1125 Pierce Street, Apt.

Point Number Five of the 10-Point Program and Platform of the Black Pauther Party explicitly states: "WE WANT AN ED-UCATION FOR OUR PEOPLE THAT EXPOSES THE TRUE NAT-URE OF THIS DECADENT AMER-ICAN SOCIETY WE WANT AN EDUCATION THAT TEACHES US OUR TRUE HISTORY AND ROLE IN THE PHESENT DAYSOCIETY

We believe in an educational system that will give our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then be has little chance to relate to anything else " That Is what the Black Panther Party's Summer '70 Liberation School is all about.

Wilbert Powe, noordinator of the Summer '70 Liberation School in San Francisco, states that the school-year programs will cuntimus, but have been expanded with the current program to include breakfast and lunch together with a Liberation Echool relevant to the wants and needs of the people

to the Spered Heart Church on Fell and Fillmore Streets, where informative classes begin- including an exercise period-+at 10:00 am, with the Liberation School lasting until around 12; pm, They are then served a refreshing lunch and returned to their bomes or permitted to remain for the rest of the day at the neighborhood Community Information Center if their puletits wish.

"!We know that the present, racist-controlled institutions have no real concern for youth," WIIbert Powe said, explaining the aims and purposes of the Black Panther Party's Summer '70 Liberation School, "And the decadent power structure's only purpose is to program Black youth for space age slavery,' So we, the people within the Black community, must deal with the education of our youngstern ourselves--since we alone can determine the most relevant and progressive regairements of the educational destinles."

Although the community enthuslasm and participation is notably responsive. Wilbert Powe still strennes the need for additional community workers and more donations of all kind in order that the Black Panther Farty Summer :70 Liberation School's program may be expanded more yet since youth makes the revolution and its up to the Black community to liberate our youngsters from racist misteachings and make them into strong revolutionaries, interested persons in the San Francisco area may telephone PZZ-6322 or 922-0095 for further information concerning the Black Panther Party Summer '70 Liberation School.

UNARMED RONNY PARKER, AGE 16, SHOT BY PIG FOR SUPPOSEDLY STEALING A CAR

On the evening of July In, at about 9:00, a young brother, Honny Parker, age 10, was shot by the San Francisco Pig Department. It happened in West Point, where right now "development" is taking place. I walked up to the hill where the brother was shot in the hip and the construction tractors were covering up the area in which he was shot. It is said that the brother was shot for stealing a car. The same reason that Alvert Joe Linthcome was shot a year ago. A life for a car only shows that the pigs are out to protect property, not lives.

The chase took place from Third Street up to the Militop on Kiska and back down to West-Point Rd. He was shot at the ending of Harbor Read, Bonny jumped out of the car and startrunning. The pigs had been chasing him for quite some time. He ran and three shots were fired, hitting him in his hip. The brother is now in San Francisco General Mospital, a butcher center where poor people all over the city are forced to go.

The Chase started off with only two cars, but by the time the incident was ever, there were seven cars and one station wagoo, all carrying Tac Squad Pige. When asked, "Who shot Little Honny," the Pig said, "We are working on it right now, we are trying find out who did it." But the people are not dumb. Mrs. Moore who also lives in Westpoint saw the incident: "The boy jumped out of the car and started remning. the police shot three times, first hitting him in the leg," she said; "He grabbed his leg and kept trying to get away, and they shot him again," There was only one person who got close to see, because the pigs ran everyone else away, pushing them back. The pigs didn't want the people to see the damage they had done to this young Sandani de

brother. Their primary fear was that the people would kill them where they stood. They Hed and audd they didn't know who had shot him because they know the people are not the fools that they think they are. This is the fourth brother that was shot in Humber's Point in the past month, On June 14th, on 3rd and Armstrong, at a 76 Service Station, three brothers taking what was rightfully theirs were shot.

brothers who incident said the pigs had already surrounded the brother but still shot him. An ambulance was there in seconds. The pigs called them before the shooting.

Statements from two brothers who saw the incident:

Lloyd Sparks: "I seen him get out of the car and start running. I turned around and heard three shots and them I saw him fell

"I seen I police cars and a station wagon surrounding the brother. The ambulance got there in seconds, the pigs put him in a stretcher and took him away. He was still conscious, he kept trying to get up and the pigs kept pashing him down." Arthur "I seen him get out the car and start running, I hurned around and heard three shots and then I saw him fall.

I went by Mrs. Parkers' house today to try to get some information on the brother's condition. We went down to San Francisco General and the ptg on guard there wouldn't let her wee him without first getting a pass from the jailhouse on Bryunt. The pigs won't let a mother see her non without a pass after they have attempted to kill him. This only goes to prove that if every man had a shotgum in his bome, the murder of our brothers would

An defined in the "raw" by Papa -- those who live by their with, existing off what they rip off and polished to such a high degree by Husy calling it "Illegitimate Capitaliam" or three who execute it, "Blegitimste Capitalista",

Historically speaking "Came" or "The Clame" has always been present, and always existed in the Black community. It originates from hardship or oppression for those who can dig that. Here we find people who are struggling for everyday life, bare necessities such as food, clothing, and shelter. Here we have people that will do anything to make it. Here we have people with some of the strongest and same of the most beautiful creative talents and abit-Hea. Here we have creative powers of the people.

These creative talents have been refined in the forms of boosting, or ap-shooting, till-tapping, the drag game, the elite crafts manship of making LD, counterfelting, bugglar, whering, pumping and who knows what else, "It's only to the depth of oppression or hardship that one knows how much game he or she may possess or be able to execute."

Now to deal with the word execute. Execute means to do and do right, it's aproctitioner's word, and that's just what they are, "The illegitimate capitalists" and these 'slick nigoers' so they'ce commonly called, "practitioners". The key to success in this fleid in flexibility--being able to bend in more than one direction, being able to adjust wherever you are no marcer what the conditions, This is the key to keep a person from becoming "stagnant". This he the thing that makes a person start thinking about struckling together or collectively. this is the guidles line that keeps "The Claime" just what it is, A method of survival and not a symbol of oppression as "The Came" is esecrited inday.

This word "flexibility" is a cold-blooded thing, Check thin, I say, "It's the thing that makes a ninger not think about the monstors that are in the driver'sseat so much, but it's the same thing that causes one to trip out or up, on the thing that's growing frum second to second and gaining strength with every step that's

And yes, there are principles In the game, When the right amount of respect to given to any man, woman or child or to a people you will always find the means to got along not far away.

The principles practiced smoon people that's in "The Life" as "The Came" is sometimes called, enables them to advance and in the process principles forces a marn-cor, a "revolutionary", lice allick Is that? Huey P. Newton sold it, Huey said, "By instilling a revolutionary mind in super-mascoline menial's body you have on hand the making of the new men." It works both ways, the same thing applies for the self-celtact amazons,

Not relating to principles in "The Came" causes one to become stagnant, it causes one not to grow because stagnacion is the death of flexibility, (just plain wilfully refusing to change), it causes one to that hung up so madly in what they are doing until it becomes a way of life and not neekbug a solution to selve the problem. It causes one to think very selfishly and take that lonely road of an individual, you know, going through life trying to act like

everything is swell on the bomefront and inside about to burst,

It causes people to think that the pigs wouldn't mean with those bloods that what they were doing would be primary and everydring else secondary.

That's the bloods that don't relate to principles, dig. I know that for a fact that it's plenty "macks" and plenty "whores" who have a belly full of these pigs and this way of life and want to do something about it.

Not being able to adjust or beflexible and strice'y release to "The Game" wholeheartedly causes one to be very subjective or one-sided only thinking of I, me, and my, No regards for others, it causes one to be very envious of annther for such small and petry res- brothers relate so beavily to this sons simply because one fails to type of identity is that they feel face and accept reality, you know this is the highest way of show- setting. just the way it is, if you don't ing or reaching their manhood by have it you just don't have it, and turning-out their woman or some one will have to take it on him own to get whatever is missing. CINDY SMALLWOOD -- A SHORT AND DEDICATED LIFE

At the age of 17, Cynthia Smallwood joined the Black Panther Party. She had just completed high school when she became interested in working full time in the programs of the Black Panther Party.

She first began working in the Liberation School in San Francisco. This school was established in 1970, to teach young Black children about their history and their role in the present day world. Before she joined the Black Panther Party, when she was in high school, Cindy tutored young children,

Cindy later began to work with the Samuel Napier Intercommunal Youth Institute in Oakland, Sam Napier was the Circulation/Distribution Manager of the Black Panther Intercommunal News Service at the time he was murdered in New York in 1970, by agents of the U.S. government.

Cynthia was always a very sincere and efficient worker. Anything that she did was done with quiet enthusiasm and great love.

She began to work with the brothers and sisters who are responsible for the distribution of our paper in 1971. She was responsible for getting many of the subscriptions out and remained steadfast in her commitment to our readers, to get their papers into the mail on time.

"Circulate to Educate" was not rhetoric to Cindy Smallwood. She believed that the Black Panther Intercommunal News Service is the best newspaper, consistently providing progressive news of poor and oppressed people. She helped to circulate our paper with that idea in mind.

On February 4th, while driving from Richmond, California, to Oakland, Cin-dy ran into an embankment. She was thrown out of the passenger van she was driving and was critically injured. After arriving at Herrick Hospital, in Berkeley, she was diagnosed to have massive head and chest injuries. The damage to her brain was extensive.

On February 7th, at 5 p.m., Cindy was pronounced dead.

Her death, however, does not stop the work she was doing, it will continue; our circulation will increase, not decrease. For those who knew Cindy it is easy to see that we can not mourn the end of her life, for she lives on in every copy of the newspaper distributed across the country. Recently Cindy's family established a Scholarship and Memorial Fund for Cindy Smallwood. The money will go toward tutoring young Black children. We hope that you will contribute what you can to the fund. It is the type of educational opportunity Cindy would love to have offered to our youth.

You may send contributions for the Scholarship and Memorial Fund to: 444 Santa Barbara Avenue, Daly City, California, 94014. In this way, Cynthia Smallwood will never be forgotten, the ideas that she lived for will be passed on in the children who receive the benefits of this fund.

CINDY SMALL WOOD - "The gentle woman with a smile like sunshine."

A FAREWELL TO

(Daly City, California) - In service to the people we attain immortality. This was the theme of the beautifully solemn, quietly dignified service last Friday at which Cynthia "Cindy" Smallwood's family, comrades and friends bade her farewell.

Grace Presbyterian Church was packed with those who knew and loved Cindy, over all or some part of her short but dedicated life, in scripture, eulogy, poem and sermon, the congregation was assured that Cindy lives in the deeds and in the hearts of those who, like Cindy, fulfill their commitment of service to the oppressed of humankind.

A uniformed group of Cindy's comrades from the Black Panther Party filled the choir pews at the front of the church. They were a mute re-

WITH A SMILE LIKE SUNSHINE...

By Encka

We all know a gentle woman
with a smile like sunshine,
a voice like springtime rain;
we know a woman who worked
and gave her life to our people.
Her name was not in lights,

she was a star only to those who loved her.

She became a part of our lives, so much so that we were sure she would never leave us, so solidly was her life bound to ours,

Today, we must not mourn the end
of her life, we must celebrate because she lived and laughed and
loved, because she gave all of
her energies to help obtain the
freedom we should have by right
of our birth...

We must celebrate her life she lives on in the idea of liberation
from all suffering.

When roses bloom we will see her, when music plays we will hear her, when children laugh we will feel that she is near.

We can not bring her back to us as she once was, we have no control over that.

So - what she did not complete we can as she would have touched another human being's life we can in our own way.

We can not remember her in abstract from the things she struggled for. Those things were peace and freedom for us all.

We must learn from her life and understand the meaning of our own---life is so short and each living thing is so precious -She is precious,
