

Remembering George Jackson August 21th

August 21st marks 40 years since they murdered our Comrade in San Quentin in 1971. We will bring his spirit and teaching alive on Sunday, Aug.21st, at Eastside Arts Alliance. This event is sponsored by It's about Time and the Friends of George Jackson Committee.

The doors open at 4:00 and the Program starts at 4:30 with Libations and announcements. Sister Kiilu and Billy X will host.

A number of George's comrades will talk about George and their experiences in Soledad and San Quentin.

We also plan on showing a video and listening to music about George.

Claude Marks will play a portion of "Prison on Fire" and talk about the making of this great CD.

Karen Wald will also attend and talk about the last interview she did with Brother George in June of 1971.

A number of people will be reading selections from George's two books. We hope you can attend this important event.
