

Gunilla also known as "Nurse G" married Sam Napier in the 1960's and had a son named Huey. Nurse G was a supporter of the BPP Legacy. She lived in Vallejo (about 30 miles from Oakland) she would attend BPP functions when she could. She had been sick recently and I had not seen her in a while, but did talk to Huey a number of times and had added him onto our email list.

I found out about her death at the opening of "Louder than Words" photo exhibit in Berkley last week. I will miss her she was a very nice person. Told me much about Sam. I'm posting the photo of Nurse G with the comrades at the 40th yr reunion in Oakland. Most of the comrades in the photo worked in Distribution in differnt offices of the BPP under Sam.

Nurse G Died March 15th 2012
