**BOBBY SEALE AND ELAINE BROWN  
ON UN-EMPLOYMENT IN OAKLAND:**

**WANT A JOB, VOTE FOR BOB!**

**JOB\$ AND TRAINING  
IN BUSINESS INDUSTRY:  
\$4.4 MILLION DOLLARS IN  
REVENUE SHARING FUNDS  
(EQUAL) MORE JOB\$**

The Oakland city government will receive more than 4 million dollars each year for the next 5 years in REVENUE SHARING funds. REVENUE SHARING funds should be used in conjunction with business industry to implement on-the-job training programs. A job placement program would raise employment for Oakland residents.

**JOB\$ AND TRAINING  
IN HOUSING  
DEVELOPMENT**

Both the housing and economic conditions of poor people would improve if the UNEMPLOYED WERE TRAINED for jobs that develop new housing which maintain building code standards.

**EMPLOYING MORE  
TEACHERS AND  
TEACHER'S AIDES**

If more qualified BLACK AND SPANISH-SPEAKING people were employed as teachers or teacher's assistants, we could implement bi-lingual education and alleviate some of the major problems which stunt the education of our children.

**JOB\$ AND TRAINING  
IN HEALTH CARE**

Money that is allocated to the city government from our taxes can be channeled into PREVENTATIVE MEDICAL HEALTH CARE PROGRAMS that would hire the skilled and also train and employ the unskilled.

**JOB\$ AND TRAINING  
IN PUBLIC SAFETY**

Funds set aside for public safety should be used to HIRE MORE BLACK, CHICANO AND OTHER POOR PEOPLE – not only to the police and fire departments, but other public agencies as well.

**IT'S NOT A RACE PROBLEM, IT'**

ELAINE BROWN!**

**\$1 MILLION DOLLARS  
(EQUAL) MORE JOBS  
FOR OAKLAND  
RESIDENTS**

If fees were increased for the two city-owned golf courses, for parking meter rates, city services and the hotel-motel tax (Transient Occupancy Tax), there would be nearly \$1 million available which could be used for COMMUNITY PROGRAMS that would produce many jobs for the unemployed.

**ANOTHER \$1 MILLION  
FROM CITY BUDGET  
"SLUSH" FUNDS  
(EQUAL) MORE JOBS**

So-called Riot Control - Emergency and Working Capital "Slush" Funds amount to \$2.3 million in the Oakland city budget. If these funds were cut in half, more than 1 million dollars could be used to create many jobs to improve the living conditions of Oakland's residents.

**WELFARE ROLLS  
GO DOWN  
WHEN EMPLOYMENT  
INCREASES**

The millions of dollars in federal funds coming into Oakland have not supplied enough employment for the poor of Oakland. We would seek to use a large portion of such federal funds to create more jobs for the unemployed.

**FIFTY PER CENT
